

Name of Journal : Chinese Journal of Mechanical Engineering

Reported period:

Name and position of submitting person: LIANG Fujun, Deputy Chief Editor

1. **Journal thematic areas:** Mechanical engineering and related disciplines

2. Editorial board

Honorary Chairmen

LU Yongxiang PAN Jiluan WANG Buxuan

Honorary Members

CAI Ruixian CHEN Xuejun GUAN Qiao GUO Konghui GUO Zengyuan LIN Shangyang LIU Baicheng LIU Daxiang
LIU Fei LIU Renhuai LIU Youmei NING Ruxin PAN Jiansheng SHI Zhiping SONG Yuquan WANG Xiankui
WANG Yuming WEN Bangchun WEN Shizhu XIE Youbai XIONG Youlun XU Binshi XU Jinwu YANG Shuzi
YE Shenghua ZHONG Binglin ZHONG Jue ZHOU Kongkang ZHOU Yaohe

Chairman

ZHONG Qunpeng

Vice-Chairmen

CHEN Chaozhi CHEN Xuedong HUANG Tian LUO Jianbin MCCARTHY J Michael WANG Guobiao WANG
Wenbin

Members

ALGIN Vladimir

National Academy of Sciences of Belarus, Belarus

CAO Dongpu

Lancaster University, UK

CAVALLUCCI Denis

*National Institute of Applied Sciences (INSA Strasbourg),
France*

CECCARELLI Marco

University of Cassino, Italy

CHANG Shih-Hsing

Nanung University of Science and Technology, Taiwan, China

CHEN Chao-Chang

Taiwan University of Science and Technology, Taiwan, China

CHEN Chaoyang

Hefei University of Technology, China

CHEN Xin

Guangdong University of Technology, China

CHEN Ye-Hwa

Georgia Institute of Technology, USA

CHEN Ying

Zhejiang University, China

CHEN Yongkang

University of Hertfordshire, UK

CHEN Yubao

University of Michigan-Dearborn, USA

CHENG Harry H

University of California, USA

CHENG Kai

Brunel University, UK

CHETWIND Derek G

University of Warwick, UK

CHIU George

Purdue University, USA

DAI Jiansheng

University of London, UK

DEAN Trevor Anthony

The University of Birmingham, UK

DENG Zongquan

Harbin Institute of Technology, China

DING Han

Huazhong University of Science and Technology, China

DONG Zuomin

University of Victoria, Canada

FAN Kuang-Chao

Taiwan University, Taiwan, China

FATIKOW Sergej

Univ of Oldenburg, Germany

FENG Yuntian

Swansea University, UK
FLEWITT Peter E J
University of Bristol, UK
FU Ming-Wang
The Hong Kong Polytechnic University, Hong Kong, China
GAO Jinji
Beijing University of Chemical Technology, China
GAO Wei
Tohoku University, Japan
GAO Yongsheng
Hong Kong University of Science and Technology, Hong Kong, China
GE Qiaode Jeffrey
Stony Brook University, USA
GE Shirong
China University of Mining and Technology, China
GENG Rongsheng
Beijing Aeronautical Technology Research Center, China
GIOVANOLA Jacques
Ecole Polytechnique Fédérale de Lausanne, Switzerland
GOGU Grigore
French Institute of Advanced Mechanics (IFMA), France
GU Fengshou
University of Huddersfield, UK
GU Peihua
Shantou University, China
GUO Dongming
Dalian University of Technology, China
GUO Wanlin
Nanjing University of Aeronautics and Astronautics, China
GUO Yuebin
The University of Alabama, USA
HAN Xu
Hunan University, China
HAGIWARA Ichiro
Meiji University, Japan
HE Cunfu
Beijing University of Technology, China
HU Zhenghuan
University of Science and Technology Beijing, China
HUANG Han
The University of Queensland, Australia
HUANG Hongzhong
University of Electronic Science and Technology of China, China
HUANG Minghui
Central South University, China
HUANG Yong
University of Florida, USA
IWATSUKI Nobuyuki
Tokyo Institute of Technology, Japan
JAUREGUI Juan Carlos
CIATEQ(Advance Technology Center), A.C, Mexico
JIA Zhenyuan
Dalian University of Technology, China
KONG Xiangdong
Yanshan University, China
LEI Yuanzhong
National Natural Science Foundation of China, China
LI Dayong
Harbin University of Science and Technology, China
LI Dongyang
University of Alberta, Canada
LI Jianfeng
Shandong University, China
LI Ming
National Natural Science Foundation of China, China
LI Rongbin
The Hong Kong Polytechnic University, Hong Kong, China
LI Rongde
Shenyang University of Technology, China
LI Shengyi
National University of Defense Technology, China
LI Xiaoping
National University of Singapore, Singapore
LI Yangmin
University of Macau, Macau, China
LI Yongtang
Taiyuan University of Science and Technology, China
LIAO Yunn-Shiuan
Taiwan University, Taiwan, China
LIM Teik Chin
University of Cincinnati, USA
LIN Zhongqin
Shanghai Jiao Tong University, China
LIU Deshun
Hunan University of Science and Technology, China
LIU Hongmin
Yanshan University, China
LIU Qiang
Beihang University, China
LIU Shaojun
Central South University, China
LIU Xianli
Harbin University of Science and Technology, China
LU Bingheng
Xi'an Jiaotong University, China
LÜ Ming
Taiyuan University of Technology, China
MEI Xuesong
Xi'an Jiaotong University, China
MORGAN Michael
Liverpool John Moores University, UK
PARK Jong-Kweon
Korea Institute of Machinery & Materials, Republic of Korea
QIN Datong
Chongqing University, China
SHAO Xinyu
Huazhong University of Science and Technology, China
SHI Tielin
Huazhong University of Science and Technology, China
SINAPIUS Michael
Technische Universität Braunschweig, Germany

SU Chun-Yi
Concordia University, Canada

SU Daizhong
Nottingham Trent University, UK

SUN Hanxu
Beijing University of Posts and Telecommunications, China

TAN Jianrong
Zhejiang University, China

TAN Runhua
Hebei University of Technology, China

TAN Yuanqiang
Xiangtan University, China

TIAN Guiyun
Newcastle University, UK

WALLASCHEK Jörg
Leibniz Universität Hannover, Germany

WANG Jun
The University of New South Wales, Australia

WANG Liping
Tsinghua University, China

WANG Qingfeng
Zhejiang University, China

WANG Runxiao
Northwestern Polytechnical University, China

WANG Shilong
Chongqing University, China

WANG Shuxin
Tianjin University, China

WANG Tianmiao
Beihang University, China

WANG Xue
Tsinghua University, China

WANG Zuwen
Dalian Maritime University, China

XIANG Changle
Beijing Institute of Technology, China

XIE Jianxin
University of Science and Technology Beijing, China

XU Xipeng
Huaqiao University, China

XUE Deyi
University of Calgary, Canada

YAN Xinping
Wuhan University of Technology, China

YANG He
Northwestern Polytechnical University, China

YANG Huayong
Zhejiang University, China

YANG Lianxiang
Oakland University, USA

YANG Zhaojian
Taiyuan University of Technology, China

YANG Zhaojun
Jilin University, China

YAO Zhenqiang
Shanghai Jiao Tong University, China

YE Lin
The University of Sydney, Australia

YI Chuijie
Qingdao Technological University, China

YUAN Julong
Zhejiang University of Technology, China

YUAN Shijian
Harbin Institute of Technology, China

YUAN Shouqi
Jiangsu University, China

YUAN Weizheng
Northwestern Polytechnical University, China

ZENG Pan
Tsinghua University, China

ZHAI Wanming
Southwest Jiaotong University, China

ZHANG Bi
University of Connecticut, USA

ZHANG Chun(Chuck)
Georgia Institute of Technology, USA

ZHANG Hong-chao
Texas Tech University, USA

ZHANG Liangchi
The University of New South Wales, Australia

ZHANG Xianmin
South China University of Technology, China

ZHANG Xiangwei
Zhao Qing Science and Technology Polytechnic, China

ZHANG Yimin
Northeastern University, China

ZHANG Zheng
Beihang University, China

ZHAO Dingxuan
Jilin University, China

ZHAO Han
Hefei University of Technology, China

ZHAO Ji
Jilin University, China

ZHAO Xudong
University of Hull, UK

ZHONG Zhihua
Chongqing Science and Technology Commission, China

ZHOU Libo
Ibaraki University, Japan

ZHOU Zude
Wuhan University of Technology, China

ZUO Mingjian
University of Alberta, Canada

3. Publisher:

Chinese Industrial Information Institute

4. The short characteristics of the paper submissions recorded during reported period, comparison to the previous data

5. Discussion of journal impact factor (if applicable)

In 2012, it was 0.263

6. Efficiency of publishing (submission to publication time)

More than half a year

7. Rejection rates:

70%

8. Review procedure

preliminary review by editor, review by experts, final review by editorial board and approval by chief editor

9. Other relevant information
