

## **CCToMM 2009 Activities**

The big event for CCToMM in 2009 was the CCToMM 2009 Symposium held at Université Laval in Québec City, Québec, CANADA. The event had co-chairs of: Dr. Clément M. Gosselin, Professor, Department of Mechanical Engineering, Université Laval; Dr. Juan A. Carretero, Associate Professor, Department of Mechanical Engineering, University of New Brunswick, Fredericton, New Brunswick, CANADA; and Dr. Christian Lange, Research Engineer, Canadian Space Agency, Montreal, Québec, CANADA. The CCToMM 2009 Annual General Meeting was held at the Symposium.

Dr. Christian Lange and Dr. Ronald P. Podhorodeski performed a second review of the papers submitted to the CCToMM 2009 Symposium. Based on this second review process, select papers were chosen, and Lange & Podhorodeski co-guest edited a special issue of the CSME Transactions (Dr. Paul Zsombor-Murray, editor.)
